Dr [Redacted]

Dear Sir
I thought I would write
you a few lines to ask
you if there is any
chance of getting [Redacted]
out I could give her a
good home and look after
her but if you do think
of letting her visit I would
like you to give her to
understand that she
would have to stay with
me as I want her
to do. I would not want
her to mix with her old
friends down around where
she live for they are such

a low bunch of people
and I would not want any-
thing to happen to her.
I would like her as a
companion to me I have
had a big family but there
all boys. and I have always
thought a lot of [redacted] and
I think if the poor girl
would have been look after
proper. she would have been
all right but she was just
turned on the street from
the time she was such a
little thing and of course
if you don't give children
proper home training you
can't expect them to be
much good. I had [redacted] with

me for about three month
and she was such a good
girl never had a bit of trouble
with her and now that
my big boys are all married
and I have five small
children at home and I am
not at all well I would
like very much to have
her here with me but I
would want to have them
first that if she did not
have that I could send
her back I had one girl
with me for about four
months and she began to
carry on with the boys
to much so I just turned
her over to the big sisters

and they came a took her away
 and if you want any reference
 what kind of a home she
 would be coming to just
 write to Mr. [REDACTED] the
 Justice of peace, 5 Becket
 Crescent, Keele Dale,
 we have lived right
 around the same spot
 for 28 years. I am her
 Father's only sister I am
 the ladie that was up
 there last summer and
 spoke to you about letting
 her out. will you be kind
 enough to let me know
 right way if you can let
 her out or not your's [REDACTED]
