

SCHOOL PROGRESS REPORT - [REDACTED]

January 1969 - June 1969

I do not feel I can place [REDACTED] at her best working level. She has been in all grades including Grade 9 (High School). Her arithmetic is Grade 3; her language Grade 4; her spelling ? She has difficulty keeping her mind on her work as she is beset with problems. She asks to be excused as her worries are too much.
