LEGISLATIVE ASSEMBLY

Dr. [REDACTED]  
Medical Superintendent  
The Ontario Hospital School  
Orillia, Ont.

Dear Dr. [REDACTED]

Re: [REDACTED]

On November 3rd you were kind enough to reply to me with regards to my plea for the admission of [REDACTED], an infant. You explained then that the hospital was filled to capacity and that you hoped that admission would be possible at a later date.

In view of the emergency character of the problem facing the [REDACTED] family, and more especially the effect of the situation on the normal child of about 7½ years of age, I renew my appeal to you for an early admission of [REDACTED] to your Hospital School, and trust that such an arrangement will be possible.

Respectfully yours,

[REDACTED]  
[REDACTED]  
M.P.F.
