Dr. [REDACTED]

Dear Sir

Re. Miss [REDACTED]

I am asking for her Re-
lease from that Institution
I have married her mother
and I will be responsible
for her in future. of course
or I do not want to undo
the good your Institution
has done for her, but she

is twenty years old and I think by what I
here from the Hospital. That all she wants is
some one to advise her. she will have a good
home, and I think she will be alright. But
as I said before I don't want to take her out
from under your eye if I really think that a
few more months will better her. if you decide
to let her come out before Christmas I would like
you to lecture her well on what she has to do she
is not to associate with any of the [redacted] keep
away from East end of city and obey her Mother
and stepfather and etc. if you will do that or
I think we will give her a try. Hoping to here
what you have to say in the matter. I Remain Yours
Very Truly, [redacted] Toronto. Ont.
