

Bill

To Whom it may Concern

You have a young girl in your
Hospital her name is [redacted]

[redacted] - she has been there
for a few years. Would there be
any chance getting her home for
Christmas she hasn't been home
since she went there I bring her
grandpa I would like for her to
come just for Christmas I being
a sick man I sure would like
to see her. I had a terrible operation
including Cancer in the Upper Bowel.
But there are a lot worse off
than I am. I sure would be
very pleased if just for once
I have her home for Christmas
I would love to hear from you.
I remain as always

P.S. She is just one off for grandchildren

Thank you all again
+ a Merry Christmas

[redacted] God Bless
