Mr. [REDACTED]

[REDACTED]

Toronto, Ont.

Dear Sir,-

Replying to your letter regarding [REDACTED] probation, we may say that this matter has been under consideration several times previously and it was definitely decided, after carefully considering all details, that it would be inadvisable to grant probation. This is still the opinion of the staff and we regret that we cannot permit her away.

The fact of her being needed as a help is not sufficient reason for allowing a patient to go out.

We are pleased to say that [REDACTED] is very well at present.

Yours truly,

SOM/N.
