Dear Sir:

C.B. [REDACTED]

I informed you on 23 Jan.78, regarding this resident of our Centre. As you know, 18 Jan.78 he fractured his left hip which has been surgically repaired by Dr. [REDACTED] Orthopaedic Surgeon, Orillia.

Mr. [REDACTED] returned to Huronia Regional Centre on 30, Jan.78. He was in such good condition and walking so well that he did not even require physiotherapy treatment.

Until today, he was placed in our Acute Treatment area for observation and this morning I transferred him back to his cottage in good condition.

Sincerely,

[REDACTED]  
Staff Physician.
