

HURONIA REGIONAL CENTRE, ORILLIA  
PHYSIOTHERAPY

NAME [REDACTED] ..... Res./Ward .10f.11..... C.B.# [REDACTED] ...

Date of Birth ..Aug. 8, 1961.....

Date ..Feb. 2, 1978....

[REDACTED] began daily physiotherapy treatment today upon our receipt of a referral from Dr. [REDACTED]. He had a surgical repair of his fractured left hip on Jan. 20, 1978, and our aim of treatment is gait re-education. He walked well with no limp and no assistance, until he began to tire after approximately 15 minutes. At that time, he began to limp slightly, and walked with his left leg externally rotated.

He will be treated daily until his gait is normal.
